Additional Gifts

We received another generous contribution from the JOSEPH E. & FRANCES E. HENEY CHARITABLE TRUST. It is with great thanks, due to people such as these, with their selfless acts of kindness, the Devin Laubi Foundation is able to provide much needed financial assistance to families in distress.

Rochelle Correia went “above and beyond the call of duty”, raising extra funds through sponsorship for her trek on our bike ride in September. Sponsorship is never required to participate, but greatly appreciated. Rochelle is a very energetic and amazing young lady with a lot to offer, luckily we benefited from her selflessness. Thank you again Rochelle!

Head of Westport Fire Association sent in a very nice surprise donation to help the kids in need!

We would like to send out a special thank you to the families that selflessly thought of the Devin Laubi Foundation during their time of remembrance, in July. AMY & BRENDAN DOHERTY WITH THEIR FAMILIES held another golf tournament in memory of Deb Reardon & Dan DiPierro, then named us as their beneficiary. Brendan’s company also has a matching gift program that he utilized to further benefit the Devin Laubi Foundation. Please try to attend their outing this year. It’s another fun way to lend your support.

Other Points of Interest

HEARTFELT GRATITUDE TO ALL MY VOLUNTEERS, WHO GIVE YOUR TIME ALL THE TIME! Clearly, we couldn’t do it alone! Thank you also to all the businesses that have helped us have another successful year. You are pillars in the community!

Thank you all for your continued support for all the children and parents not knowing where to turn, feeling lost in the abyss known as cancer. Real children are waiting to return to the carefree lives they knew before their diagnosis.

Our Web Site

The site is now decorated with many of the children we have helped, please take a look at these beautiful children. We would like you to utilize our web site www.mydevin.org to register for events, for your convenience. RMD Publishing hosts us and worked very hard to bring us to where we are today, thanks Rick!
